WAITS IN VAIN—Mrs. Mary Andermatt, Centerville, displays photo of her son in Switzerland whom she has not seen since infancy, and who is being mysteriously prevented from rejoining his mother in the U.S. (WTN Photo)

CENTERVILLE MOTHER BARRED FROM REUNION WITH SON IN SWITZERLAND

The reunion of a Centerville mother and the son from whom she was parted in Switzerland 26 years ago was postponed in heartbreaking fashion this week.

Mrs. Mary Andermatt, 157 Pine St., had sent $1000 of her savings to Basel, Switzerland, to bring her son, Walter Imfeld, 27, to this country. She has not set eyes on Walter since he was five months old.

But a few days ago Mrs. Andermatt received word from Walter that he cannot leave. His letter told her that he had injured his knee in Army service, and that the authorities will not allow him to go until his three-year period of service is completed — presumably when the knee mends.

"I was counting so on seeing him," says sturdy, hardworking Mrs. Andermatt who is an employe of the San Jose Hospital. "He sold his house and left his job — and now he can't come."

She has enlisted the help of American authorities to try to untangle the regulations which are preventing Walter from leaving Switzerland.

In San Francisco, a Swiss Consulate spokesman said he does not believe the Swiss would refuse Walter a visa on the grounds stated in his letter. More likely, said the attache, is the possibility that American authorities won't grant him entry because of his disability.

However Mrs. Andermatt says she has lined up "two jobs for him around Centerville."

She had to leave Walter with his grandparents in Basel when he was five months 'old, she says, because doctors advised her the baby couldn't stand the trip to the U.S. Her former husband, Imfeld, refused to allow her to return for the child after they established residence in El Centro, Calif.

Meantime she had three other children. Two, John Imfeld and Mrs. Mary Reichmuth, now live in nearby Newark, while the third, Mrs. Bertha Tusevich, lives in Oakland. Their mother remarried.

In Switzerland, Walter grew up, married and now has a baby. It was only recently that Mrs. Andermatt felt able to send for him and his family. There were months of negotiation, then came the bad news.

"I'm heartbroken", says Mrs. Andermatt.

$347,000 Bid On Alviso-Decoto

A low bid of $300,807 was received last Wednesday for installation of sewer mains in the Alviso District annex to the Union Sanitary District.

Lowest of six contractors estimating the job was San Leandro Construction Co., according to George Coit, chairman of the district.

The San Leandro firm also was low bidder on another proposal, that of linking mains to the Decoto Sanitary District in the same job. Total bid on this was $347,523.

Union Sanitary directors voted at the same meetings to merge with Decoto. Decoto directors voted for the consolidation several weeks ago. The two boards will meet September 1 to make the merger official.

HAYWARD 'DESIGNS' BRING WARNING

Township communities had better incorporate before they are "gobbled up" by Hayward, a Centerville Chamber of Commerce official warned Monday.

LeRoy Broun, chamber secretary, noted that "Hayward is now in the process of coming into the Township with annexation plans for (Treeview and the Rousseau tract, north of Hillview Crest.)" Said he:

"If we sit around and keep up these fights between towns, pretty soon it won't matter whether (as Newark says) Centerville's city limits go to the Dumbarton Bridge — it'll be Hayward's city limits!"

IRVINGTON EYES HOME-SCHOOL PLAN

An emergency scheme to use unfinished homes as classrooms in the Irvington Square tract is under investigation by the local school district.

Supt. Gus Robertson reminded trustees last week that Conway & Culligan, builders of the big tract, have offered to furnish several adjoining houses without interior partitions to use as a temporary school. A permanent one can be built with district and State funds if the October 20 bond issue passes, but it will not be ready for about 2 years, Robertson said.

$4,500,000 Rise

Property Values Top 40 Million

Subdivisions Lead The Way; Newark, Irvington Up Most

We're worth $4,505,275 more!

Official county figures showing property valuations disclosed this week that Washington Union High School District, comprising most of the Township, has a new assessed value of $38,984,315.

This compares with Assessor Russell Horstman's figure of $34,479,040 in 1953. It is the biggest upward jump in local history.

By elementary school district, comparative values were:

	1953	1954
Alvarado	2,549,675	2,783,015
Alviso	1,812,040	1,844,760
Centerville	4,221,965	5,329,320
Decoto	5,414,385	5,364,300
Irvington	7,003,865	7,940,460
Mission San Jose	1,114,830	1,454,665
Newark	6,801,550	8,449,670
Niles	4,097,405	4,332,870
Warm Springs	1,463,325	1,485,255

Outlying districts of the Township are valued at another $1,500,000 — approximately, bringing local property values to more than $40,000,000 for the first time.

School districts stood to benefit immediately from the increased assessments, since they base their budgets on an anticipated rise in values from which their taxes are derived.

Horstman said in a telephone interview with this newspaper:

"It's all growth, mostly subdivisions. Generally, we haven't revised assessed values upward." Assessed values in Alameda County are approximately 20 percent of actual values.

The assessor added that utility rolls were upped about 8 per cent by the State, helping such communities as Irvington, in which is based the huge PG&E substation; Irvington utilities are valued at $4,954,560.

Township-wide, utility assessments rose from $9,094,450 last year to $9,771,130 this year.

Horstman said that his appraisers will extend the county wide re-appraisal program to Washington Township in about six months. This is not a general upward revision, he stressed, but an "equalization", to correct obvious high or low valuations.

Register Sept. 1-3

Registration of new students at Washington Hi will commence September 1 and run through September 3, Principal J. V. Goold announced today.

Counselors will be at the school on the three days between 9 a.m. and 4 p.m.

WATER REPORT

Matt Whitfield Jr., manager; and Dr. E. M. Grimmer, chairman of the Alameda County Water District will report on district activities September 7 to the Niles Chamber of Commerce, which will begin its meetings on that date at Nello's Cafe.

WUHS FINDS GOLD IN THEM VALUES!

Washington Township's $4,500,000 boost in assessed valuations will prove a welcome windfall to the local high school, Supt. J. V. Goold said today.

Goold said he had not planned on the extra taxes the upped values would bring, but estimated the school district will benefit to the tune of $6900.

"Maybe we can get that new bus after all," Goold guessed. It had been lopped off the budget when a recent tax increase was voted down.

Goold also reported the new annex is slightly behind schedule and that the music building will not be ready until October instead of by the new term, September 7. Parking spaces and yards will be blacktopped, however, he said. The annex is slated to be ready by January 1.

EYESORE VANISHES—The old H. P. Garin packing shed on Walton Street, Centerville, is torn down by owner after protests from local chamber of commerce that ancient structure was an eyesore, and unsafe. The shed was erected two generations ago by chamber of commerce subscription, and when it was sold, profits from sale went to Chamber of Commerce fund. (WTN Photo)

PARKING SIGNUP NEARLY COMPLETE

Only a few merchants remain to be signed up before a lease can be signed for Centerville's Main Street-Fremont Avenue public parking lot.

This word came Monday from Dr. John Austin, member of a chamber of commerce committee to get $7.50 and $5 subscriptions for the project.

Dr. Austin said he has been turned down by only one merchant on the proposal.

Phil Willis, committee chairman, reported a $150 donation has been received from Berkeley Savings & Loan Association. The lot will accommodate more than 50 cars.

PROTEST SCHEDULED

Freeway Completion Periled By Plan To Build New Alameda Tube First

With a warning that completion of the Eastshore Freeway may be periled by demands for another Alameda Tube, Township committeemen will leave tomorrow for Sacramento to make a strong plea to the State Highway Commission.

One committeeman told the Centerville Chamber of Commerce on Monday that Governor Goodwin Knight promised an Alameda delegation last week that no more freeways would be built in other parts of the county until a second tube is finished.

Virtually every local civic group is on record asking for completion of the 14-mile link between Mt. Eden and Warm Springs at the earliest possible date.

Stuart Nixon, local publisher, produced news reports last week from Sacramento in which Gov. Knight was quoted as saying to the Alamedans:

"We're in no mood to build more divided highways in other sections of Alameda County just to make people happy while you folks are struggling with this problem. What other project in Alameda County is so important as this tube?"

Nixon said Knight also was quoted as saying he intends to appear before the Highway Commission "and tell them they shouldn't allocate more funds to other projects before the tube is constructed."

Nixon and Elmer Marks from Niles, Gus Robertson of Irvington, Bill Short of Centerville and possibly other local spokesmen are slated to accompany the Alameda County Highway Advisory Committee to Sacramento. This committee for several years has placed completion of the Freeway on its top priority list.

This year, the committee agreed to include about $150,000 in its recommendations so that rights-of-way could be purchased for Alameda Tube approaches.

The Alameda Tube project now is scheduled as a revenue-bond job, part of the proposed Southern Crossing of San Francisco Bay.

However after last week's meeting with the Alamedans, Gov. Knight said he doesn't believe its construction should wait on the South Crossing, but that the tube should be built as soon as possible — next year if feasible — out of State gas tax funds.

Nixon pointed out that if this is done, it would leave virtually no money in the 1955-6 fiscal budget for highway work in this county — including the Freeway.

"It would set our Freeway back one year — maybe more", he warned.

Centerville (and later Niles) chamber members agreed this would wreak havoc in the Township. Funds for rights-of-way purchases haven't even been allocated yet by the State, they declared.

4 DIE IN CRASH AT WARM SPRINGS, 5 ARE HURT

Four persons are dead as the result of a collision early Saturday near Warm Springs. It was the Township's worst highway accident in two years.

Dead are: Mrs. Mary K. Bateman, 26, of Oakland; Mrs. Dolores Hernandez, 27, of Alameda; Justin Gonzales, 30, of Los Angeles County; and his wife, Josephine, 26.

Injured critically were Mrs. Bateman's husband, John, 28; Oliver Kilcrease, 28, of Oakland; Porfirio Sandoval, 23, of Texas; and the Gonzales' two children, Dennis, 3; and Arlene, 4.

The tragic crash took place about 4 a.m. near Brown Road on Highway 17, one-quarter mile north of the Warm Springs "Y".

Kilcrease's car, southbound, hit Gonzales' northbound coupe. The Batemans were riding with Kilcrease, the others with Gonzales.

Highway Patrolmen and ambulance aides worked for nearly an hour to pry the victims from the tangled wreckage. Mr. and Mrs. Gonzales died instantly. Mrs. Bateman died four hours later in Fairmont Hospital, and Mrs. Hernandez succumbed on Monday.

Supes Delay Centerville Zoning Another Week

By STUART NIXON

Centerville took another weary lesson last week in the gentle art of delay.

At stake is protective zoning for the Centerville area, oft-postponed since it was first officially aired before the Planning Commission March 10.

At the urging of Supervisor Harry Bartell, the issue was postponed again for one week. It is slated to be heard again today.

Last Thursday's hearing in the Courthouse went like this:

1. Bartell opened with the suggestion that the board take no action until it hears from the district attorney. That official, said Bartell, is supposed to prepare an amendment suggested — presumably by Bartell — at a recent closed meeting with the Planning Commission. Under this rule, realtors who buy unzoned property for commercial use would be "protected" against residential zoning.

(Bartell made it clear he is concerned with a 22-acre shopping center proposed by Harold Frank at Thornton and Blacow Roads — a development which has twice been rejected by the Planning Commission).

2. Deputy Dist. Atty. Douglas Dunning said he thought the amendment was only supposed to protect subdividers whose tract maps had been accepted prior to zoning. It turned out Dunning was on vacation when Bartell's second "protective" amendment was requested.

3. Supervisor Chester E. Stanley said the board had turned back Centerville's zoning to the planners last month in order to have six points corrected. He said three were changed to suit the Supervisors, but that the commission still refused to recommend favorably on three more.

4. Bartell said Frank's stores were not included and that he had reserved the right to bring up "additional" points if he wished.

5. Attorney David Wendel, for Frank, asked a week's continuance to bring in another attorney, who was on vacation, and who, according to Wendel,

SHERIFFS TRAIN YOUNG HUNTERS

Registrations for a young hunter's safety course, sponsored by Washington Township Sheriff's Reserve Units, are being accepted at the county office building here.

Training in the safe use of firearms will be provided to boys and girls under 16 years by reserve members.

In addition to four hours instructions in safety techniques, the course will also include rifle range training.

State law requires all youngsters, who have not previously held a California hunting license, to complete the training before they will be granted a license.

Interested youngsters may sign up for the course with Miss Gay Richards at the information desk in the county building.

ALL-STARS ,WEDGEWOOD TIE, 1-1

By BOB HIRD

An All-Star team, composed of the top players in the Washington Township Softball loop, battled league-leading Wedgewood to an 8-inning 1-1 draw last Friday evening on the Washington High diamond.

Some 200 fans turned out to witness the annual affair and were given a real treat.

Wedgewood, winner of 13 consecutive games, picked up their lone tally in the initial frame. Centerfielder Bob Brown greeted All-Star chucker Ted Garcia's first delivery by beating out an infield single. Shortstop Don Orta laid down a bunt and Brown moved all the way to third. With one out, firstsacker Tom Castro grounded a high hopper to second baseman Dave Priego. Priego, in a hurry to chop the run off at the plate, fumbled the ball and Brown scored.

The league leaders threatened in the second as buck-short Jess Rust led off with a sharp single to center. Garcia quickly settled down and retired the side with no further damage.

The All-Star lineup, boasting great hitting power, got to Wedgewood chucker Gene Johnson for their lone tally in the bottom of the second. Third sacker Norv Peixoto started the inning by smashing a single to center. Peixoto moved to second on Johnson's first pitch to Jack Silva as the ball got past catcher Tony Rivers. Silva then drove a sharp-hit single to left for the tying run.

Garcia pitched the next three innings for the All-Stars before giving way to Ken Hood, while Johnson continued to hurl shutout ball for the pace setters.

The All-Stars threatened in the sixth as a base on balls and a Wedgewood miscue put two on with nobody out. But the big righthanded Johnson stopped the rally cold. He retired the next three batters with little effort.

Wedgewood nearly broke the tie in the extra frame. After two were gone, Rivers drilled a single to left. Second sacker Shorty Silveira then bounced one to third baseman Peixoto. Peixoto attempted to force Rivers at second and threw the ball into rightfield. Rivers rounded third and looked as if he were coming all the way until he saw that catcher Gordon Stefans had possession ofthe ball. Stefans whipped the throw to third just nipping Rivers to retire the side.

NEWLYWEDS—Charlotte Janeiro of Decoto and William King Chase of Pebble Beach snapped after their wedding recently at the resort community. (Stinhilver Photo)

CHARLOTTE JANEIRO WEDS WILLIAM KING CHASE AT PEBBLE BEACH

At the home of the bridegroom's parents, Mr. and Mrs. King M. Chase of Pebble Beach, Charlotte Marie Janeiro of Decoto and William King Chase exchanged nuptial vows.

Judge Richard Eldred of Pacific Grove conducted the rites in the presence of a group of immediate family members only. The bride's uncle, Fred E. Dias of Niles, gave his niece in marriage.

There were arrangements of white gladioli and stock in the living room, the fireplace banked with the flowers, before which was an improvised altar effect.

A ballerina length embroidered net was worn by the bride. The neckline of her dress was trimmed with seed pearls and a scalloped neckline. With it she wore a small half hat of the same material as her dress and carried a bouquet of white begonias, stephanotis and orchids.

Her cousin, Mrs. Harold Enos of Niles, sole attendant, wore a ballerina length tissue faille in an ice blue shade and matching half hat.

Robert A. Chase of Arcadia was best man for his brother.

Mrs. Marie A. Janeiro of Decoto, mother of the bride, wore an aqua and black print for the occasion with aqua hat and white orchids.

Mrs. Chase was dressed in navy taffeta. Her hat was a rose beige and her accessories navy.

A wedding breakfast followed the services at the Chase home and at 4 o'clock that afternoon, a reception took place in the home of the bride's uncle and aunt, Mr. and Mrs. Dias, in Niles.

Stockton will be the future home of the justweds, as the benedict is in business with his father in that city.

The bride attended schools in Centerville. Her husband attended the University of Michigan, College of the Pacific and Marine Maritime Academy. He served three years in the U.S. Navy.

Supervisors Delay Centerville Zoning Another Week

(Continued from Page 2)

is more familiar with the matter.

6. Stanley asked "what could be gained" by a continuance, since "we could only refer this back to the Commission, which already has rejected it?" He suggested that the zoning be approved, and that Frank then seek rezoning. He said the move "is the lone straw they're grasping at — that if we refer it back often enough, the commission will change its mind."

7. Bartell then charged the Frank stores were "brought before the commission (and rejected) without being put on the agenda so that interested parties didn't have a chance to appear."

8. Planning Director John J. Thomas, quizzed on this point, said he was on vacation at the time and knew nothing of it.

9. Stanley tried to silence Bartell by recalling that Bartell "often said we shouldn't go back over evidence that has already been presented."

10. Bartell retorted, "That all depends what the circumstances are!" He moved for a week's continuance.

11. Robert Furrer of Centerville interposed an inquiry about where commercial zoning is to stop on South Main Street. Thomas was not exactly sure, he said, but "thought" it was the west boundary of the grammar school. Bartell then seized on this remark to say: "If the Planning Commission staff can't tell us, how are we to rule on this with any degree of intelligence?"

12. Replied Stanley: "Our ordinance says where."

13. Supervisor Kent Pursel of Berkeley wearily remarked: "We ought to do something. We're way behind in our zoning."

14. Stanley then commented: "This is like a football game — not every play is a touchdown. But due to the fact that (Frank's) attorney is out of town, perhaps it would be fairest to continue it."

15. Everyone voted "yes" on Bartell's motion.

3D ANNUAL COOKING SCHOOL SLATED SEPTEMBER 9 AT NEWARK PAVILION

Homemakers of this area are invited to attend the third annual Washington Township Cooking School and Appliance Exhibit, scheduled for 1:30 p.m. and 7 p.m., Thursday, September 9, in the Newark Pavilion.

Valuable appliances will be distributed among lucky visitors, in free drawings, and awards also will be made to winners in the cake-baking contest sponsored by the S.P.R.S.I.

Sponsored by leading appliance dealers of the area in cooperation with The Township Register and Washington News, and the Pacific Gas and Electric Company, the progress will feature two experts in home economics with their demonstrations of "better meals for better living."

The 1:30 p.m. show will present Ann Cook of the International Harvester Company with demonstrations of electric cooking and the use of home freezers. The 7 p.m. performance will feature Esther Drell Day of Oakland, a PG&E cooking expert widely known to East Bay audiences, who will explain gas cooking.

"You don't have to be wealthy to eat well," commented Mrs. Day, who has been appearing before cooking school audiences for the last decade. "I have noticed the real interest of many homemakers in methods of preparing meals which are as good to look at as they are to eat. I hope that our demonstrations will help the women of the Washington Township area in this regard."

Gifts to be distributed will include a laundry dryer valued at more than $250, six other appliances worth an average of $25 apiece, and aluminum kitchen ware with an aggregate value of $65.

Winners of the cake-baking contest will receive electric mixers and aluminum ware. Contest blanks are available at leading local appliance dealers.

TAX SALE SET AT DEFUNCT NURSERY

Sale of the stock of Davies Nursery, Alder Street and Highway 17, Centerville, to meet $300 in unpaid personal property taxes is scheduled for next Saturday at 10 a.m., at the nursery, according to Edwin Meese, Jr., County Tax Collector.

Efforts to locate the proprietor, Harry Davies, have proved unavailing, so, Phil M. Ritchie, agent for delinquent accounts, seized the nursery, and placed deputized keepers in charge

Niles Zoning Issue Revived

Protective zoning of Niles, dormant for months, was revived Tuesday by the local chamber of commerce.

Secretary Vernon Ellsworth was instructed to write the County Planning Commission, asking that official hearings be held soon looking toward zoning the entire Niles school district.

Members pointed out that most other Township communities have been zoned, and that only Adobe Acres in Niles has zoning. It was a change in Adobe Acres, reducing minimum lot sizes from 10,000 to 8000 square feet, that halted zoning for the entire town several months ago, according to the commission staff.

HOMESICK FOR THE OLD STAND

They just can't stay away! Pat and Dora Patchett, who sold the Peerless Depot in Niles in 1952, are back at the old stand this week.

They went to Oakland to live, but recently re-purchased the bus depot, which they had operated since 1947, from Mr. and Mrs. Bernard Malone.

"We missed Niles," says Mrs. Patchett.

JUST FOR US?

Street naming and numbering just for Washington Township was asked Tuesday before the Niles Chamber of Commerce by Baine Leask. He said the county-wide survey, now under way, "will take another year" and be too late to help locally.

OWNERS, REALTORS IN WARM SPRINGS ZONING DEBATE

Warm Springs residents versus realtors — that was the pattern of the community's first official hearing on protective zoning last Wednesday before the County Planning Commission.

Thirty residents were on hand for the hearing in Oakland.

Realtors indicated that they have already made plans for an expanding population by opening subdivisions in the triangle bounded by Highway 17, Landing Road and Railroad Avenue.

The technical staff of the Planning Commission had set aside the area south of Railroad Avenue and east of the highway for residential purposes, with land along the railroad set aside for industry.

Said Bruce Michael, president of the local chamber of commerce:

"Ours is the last outpost in the development of the county. We have in our grasp a golden opportunity to do a real good to the community by planning the area before it is actually developed."

Developers who spoke included Hugh Jackson of Palo Alto, who has an 85-acre and a 56-acre tract on both sides of Railroad Ave. in the vicinity of Landing Road; Leonard Seeley, Hayward realtor, with 120 acres in the triangle area; and John Purchio of Hayward, in behalf of Seeley.

Planning Director John J. Thomas chided the realtors, saying:

"Do you think we ought to change Warm Spring's master plan just because you bought land there?"

A second hearing is scheduled for 1:15 p.m. September 22.

LAMP NAMED AIDE AT NEWARK SCHOOL

Robert Lamp, former eighth-grade teacher and youth director for the Newark Recreation District, this week was named vice-principal of the Newark Elementary School.

Lamp's appointment was announced today by Supt. Jack MacGregor, who explained he will be in charge of "general administration", physical education, student-body affairs, the traffic patrol, attendance, and yard activities.

MacGregor said Miss Mary Shea will continue as vice-principal in charge of instruction and curriculum.

Lamp told the Newark Recreation trustees last week he will relinquish his playground-director job "gradually", until a new director is hired and broken in.

Lamp is a graduate of St. Mary's College, and is a veteran of World War II. He lives with his wife and three children at 110 Dutra Way, Centerville.

Niles PTA Helping With School 'Shots'

The Niles School PTA has volunteered to assist the County Health Department in its immunization program during the school year.

Mrs. Carolyn Hubbard, PTA president, said today the goal of the organization is to have all children of school age in Niles immunized against disease. The PTA urges all parents to have their children immunized against diphtheria, whopping cough, typhoid and smallpox before enrolling them in school. According to Mrs. Hubbard, immunization must be renewed periodically to keep the protection up-to-date. Parents are asked to bring records of immunization to the schools at the time of registration.

POSTMASTER'S HOLIDAY

Postmaster Joseph Freitas of Atwater, his wife and three sons were visiting postmasters in Washington Township on Friday of last week. They were surprised at the growth of this area. This was their first visit here since 1945.

V.F.W. Fund Drive

Veterans of Joseph and Stanley Bernardo Post, VFW, in conjunction with Major Post of San Jose, are sponsoring a magazine subscription campaign in the Township for the purpose of their hospital work program.

Purpose: To obtain an iron lung for the Township. Hospital equipment is available to the people of the Township in San Jose due to lack of hospital facilities here. Profits derived from this drive remain here for future hospital work. None goes to Santa Clara County, say post officers.

Anyone being called pertaining to the subscription drive is asked to call for a letter of identity signed by the following officers: Ed McNemar, commandeh; David L. Souza, adjutant and Clifford Rogers, quartermaster.

Harkleroads Reunited

The children of Mr. and Mrs. George Harkleroad of Hillview Crest have all returned from their vacations and are preparing for return to school.

WOODMINSTER TO HAVE WELDONIANS

Two spectacular events will be presented by Oakland's Weldonians — "The Musical Show Case" on Friday evening August 27 and the "Variety Extravaganza" on Saturday, August 28 at Woodminster Amphitheatre in Joaquin Miller Park, Oakland.

Both shows are under the direction of Weldon L. Leonardson, conductor and founder of the Weldonian Bands which were first organized with thirteen boys in 1937. The Weldonian organization now consists of over 200 members.

Friday night's "Musical Show Case" features the concert band and majorettes with approximately 150 musicians presenting a show in the John Philip Sousa manner. Saturday's "Variety Extravaganza" has been designed for "Eye-appeal' as well as listening pleasure with spectacular staging and lighting effects. Curtain: 8:30.

DEMOCRATS PICK IRVINGTON MAN FOR 8TH DISTRICT MANAGER JOB

John A. Ford, Irvington, has been selected to fill the position of executive manager for the Democratic Council of the Eighth Congressional District, it was announced today by Harold A. Strauel, council president.

"With the addition of Mr. Ford to our staff on a full-time basis," said Strauel, "the Democratic Council can now offer such services as a speakers' bureau, information center, and registration facilities."

Ford, who lives with his wife at 543 Roberts avenue, Irvington, was chosen for the managerial position from among several applicants. Final selection was made unanimously by the Council's executive board at its last meeting.

The new executive is a former national president of a labor union, having worked his way to the top after starting as a local representative. Ford also edited a national publication for three years.

Father of three children, Ford has been a resident of California for 48 years and in addition to his new post, serves as secretary of the Washington Township Democratic Club.

Said Ford in accepting the post: "I hope everyone interested in our party will visit the Council headquarters at 15251 Hesperian Blvd., San Lorenzo, which will be open 2-7 p.m. weekdays. A deputy registrar will be available to register new voters."

Strauel, Hillview Crest; Harry Bradley, Irvington; Mr. and Mrs. R. W. Furrer, Centerville; and Everett Ezra, Newark to a registration committee.

Plans for a club dinner to be held in September were approved at the executive board meeting and Manuel Hidalgo of Decoto was placed in charge.

Norris School Delayed

Though the cafeteria at Centerville's new Allen G. Norris School, on Thornton Avenue, probably won't be finished by September 7, the school's classroom additions will be occupied on schedule.

Supt. Tom Maloney told trustees last week that construction troubles have delayed the plant, but that students can be taken temporarily in busses to the Main Street School cafeteria for lunch.

SPRSI, Centerville Council's August meeting was a special one, in honor of the council secretary, Mrs. M. Brazil who was elected grand director and also secretary of the board. She was presented, when installed, with an orchid from the council and gifts from the members. Council No. 19, UPPEC, presented her with a remembrance. Members are urged to attend these meetings held each first Thursday of each month.

The Frank Silvas of Oak Street made a weekend trip to Reno, stopping first at Donner Lake to visit points of interest and visit with their neighbors, the Robert Moores, who are vacationing at Donner Lodge. CAROLLING AROUND NEWARK

JEANNE & GENE CARROLL
NEWARK 3-3564

AROUND TOWN—We'll start this week's potpourri by firing a couple of notices your way. First let's tell newcomers to register your children (all grades from kindergarten on up) at the Newark school office sometime between 9 a.m. and 12 noon on Wednesday, September 1. We know that many newcomers have not as yet discovered either the Register or the News, so why don't you pass the word along to that new neighbor of yours . . . and add a word about your favorite weekly newspaper too!

Second: In order to vote in the November elections you have to be REGISTERED BY SEPTEMBER 9. We know you all want to vote, so if you have moved or didn't vote in the last election hustle out and get yourself registered. Newark has two registrars: Mrs. Geraldine Ferreira, RFD Box 232 F on Thornton Avenue across the street from the Wedgewood sign . . . go to her home. Mrs. Patricia Phippen, Newark School secretary will register you at the school office between 9 a.m. and 3:30 p.m. Monday through Friday starting August 30. For you readers outside of Newark (both of you dears) get hep to this notice and register in your town too.

The last week of school vacation is coming up and little junior and miss may not be as excited at the prospect as the parents but they do like the new clothes another school year brings. Oh boy!!! Only one more week.

September brings a couple of more events that you might like to know about. The Knights of Pythias sponsored Newark Model Busters will be host to modelers from all over the state at the Model Plane Meet at Washington High on Sunday, September 12. Watching the little planes stunt, race and generally compete for their young remote control pilots gives you a thrill. We all like to see kids have activities under adult leadership which provide interesting activities to keep youngsters away from that tag: delinquents. Fund-raising activities of clubs which spend so much on youth activities, (K. of P., Lions, Kiwanis etc.) need our support to keep this a healthy community. The Kiwanis club will be having a peanut sale on Kids' Day, September 25 and every penny collected that day will be spent on youth activities . . . **HERE.**

Everyone else seemed to be going on vacation so we thought we'd try it last week. Our plans got fouled up more than a little, so instead of finding ourselves in the Sierras we woke up "back home" in San Francisco . . . so what's so bad about that? Get away from the main drives and lawns in Golden Gate Park. Walk through the stretch bounded by the 10th Avenue entrance, Main Drive, Fulton Street and the boulevard . . . and be at peace with the world. Then over to the Strybing Arboretum where you can wander through the interwoven paths for glimpses of the world's garden lands. Visiting the park is like meeting an old friend and we did lots of that too.

Besides enjoying days and nights visiting and being dinner guests of a host of wonderful hosts like, the Hartmanns, Carrolls, Redfords, Maslachs, Holdsworths, Browns, Ahlvins, etc., we found time to renew an old acquaintance by seeing the 1954 edition of the Ice Follies. It seemed odd watching Frick without his skating buddy, Frack but he still is terrific. The comedy routines gave just the right touch of laughter to compliment the beautiful production numbers.

There is another compensation to a vacation . . . the kids can run in and out of other people's homes . . . slam other people's doors . . . drive other people nutzzzz.

There was big doings at the Youth Center last Sunday afternoon when Mrs. Adelaide Goularte celebrated her 60th birthday surrounded by her sons, daughters and grandchildren and with her husband, Jack, at her side. Attending the happy event were. Mr. and Mrs. Manuel Caldeira and Diane; Mr. and Mrs. Joe Moura, Joseph and Barbara; Mr. and Mrs. John Cattaneo, Johnny, Carol and Douglas; Mr. and Mrs. Clifford Rogers, Stephen, Jackie, Nancy and Mary; Mr. and Mrs. Leland Goularte, Zelma, Leland, Darrell and Michael; Mr. and Mrs. Virgil McEver, Pamela and Dawn Marie; Mr. and Mrs. Tony Goularte, Tony, Rita and Kathleen; Mr. and Mrs. Anthony Maciel, Linda, Michael and Gail; Lionel Goularte, Barbara Goularte, Arthur Goularte, and Danny Goularte home on furlough from Fort Jackson, Columbia, South Carolina with his charming bride Rita (Young) whom he wed last May in Columbia.

AROUND NEWARK

Ruthe Foster was hostess for a group of teachers at a luncheon in home last Friday and her guests were: Cynthia Collins, Edna Jibson, Clara Blackmore, Dale Keeney and Marge Callow. It was a perfect opportunity to check their vacation stories before answering the school bell and the zillions of kiddie questions.

Welcome home to Ivan and Pearl Cole, Sharon, Donna Rae and Dick who have been vacationing and visiting relatives in Idaho and South Dakota for the last couple of weeks. Paul, Idaho and Lead, South Dakota and way points in betwixt and between.

Mrs. Bernice Rash, who is infanticipating a double feature real soon, had another pleasant arrival last week when her mother, Mrs. John Scheurer came in from Mankato, Minnesota to stay for awhile so she can assist her daughter after the big day.

FLASH!! FLASH!! It's twin girls . . . congrats.

Mr. and Mrs. Burt Brown's home on Deborah Street was the scene of much coming and going the past few weeks. First their son Richard returned home in company of his uncle and aunt, Mr. and Mrs. Elmer King and son of Toppenish, Washington, at the end of a six-week vacation visit with his maternal grandparents, Mr. and Mrs. Elmer King in Sunnyside, Washington.

The next day another of Laverne's brothers, S 2/c Joe King arrived from San Diego and his ship the USS Sperry for a week's visit. On August 16, Mr. and Mrs. Gary Orr (Laverne's sister) of Ellenburg, Washington arrived for a few days of visiting.

During all this hubbub created by his ever lovin's brothers and sister, Burt made a strike for some attention with a celebration in honor of **HIS** birthday. The J. W. Moores, who are also Deborahites, were among the guests.

Kindness rewarded . . . Many ladies brighten the days for the servicemen in the wards of the various service hospitals by visiting, entertaining and bringing treats to them. We have before us a letter which attests to the thoughtfulness of one of our neighbors:

3275th USAF HOSPITAL
PARKS AIR FORCE BASE
Mrs. Ray Alberts,
Newark, California
Dear Mrs. Alberts:

Last Sunday, Mrs. (Minnie) Clay delivered the flats of African Violets which you sent, and they couldn't have come at a better time. We believe you know that the first violets that you gave were distributed on the TB wards, and are the most prized possessions of the patients who were there at the time. However, a good many new patients have been admitted during the past month, and these men looked upon their neighbor's violets with envy. They would ask, every time any one went on the ward, when they were going to get some, so your latest gift has not only brought pleasure, but also peace and contentment to all concerned.

Because these patients cannot thank you themselves, we do so on their behalf. Your kindness and generosity has given, and will continue to give, these men countless hours of pleasure and enjoyment.

Sincerely, (Miss) Josephine F. Ryan, Assistant Field Director. (Miss) Margaret Brice, Head Recreation Worker.

We understand that since the letter, Mrs. Alberts has sent still more flats to the Parks Air Base Hospital. Growing African Violets is both a hobby and a business for Mrs. Alberts at her home, 2889 Thornton Avenue. We say, orchids to her for making so many men happy.

Mrs. Josephine Doorley, our friendly librarian, has been vacationing for the past two weeks and during that time she was joined by her daughter, Jeanne and her nieces, Connie Viet of Los Angeles and Carol Viet of San Francisco for a few days at Lake Tahoe. While she was away, Mrs. Virginia Bennett of Mt. Eden and Mrs. Beulah Abbadusky of Hayward were the temporary librarians. An aside to you readers; Mrs. Doorley has received a shipment of 82 brand new books and they are on the shelves.

Mrs. Patricia Phippen took her youngsters to Myrtle Creek (where dat?) up in Oregon for a vacation visit. They were guests

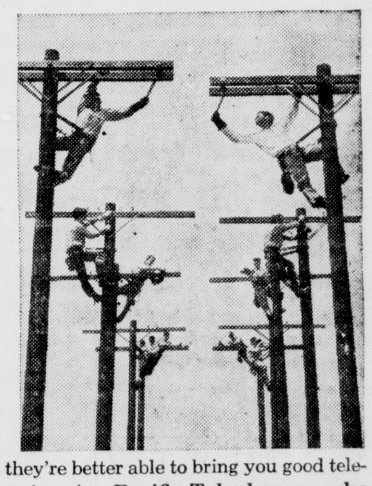
Classroom in the sky



You might not guess it, but these men are going to school. They're learning how to climb telephone poles safely and to string lines that will carry your calls. This course is just one of many given in telephone schools. Others — lasting anywhere from three days to six months — train operators, business office people, installers, and the like. Such training gives telephone people the skills they need to do their jobs faster, better, cheaper . . . and more safely, too. Thus, they're better able to bring you good telephone service that's low in price. **Pacific Telephone works to make your telephone a bigger value every day.**

A long distance visit costs so little

How long has it been since you heard the voices of far-away loved ones—friends you haven't seen for ages? A visit by long distance is the next best thing to being there in person. It means so much and costs so little. You can call coast to coast—clear to Boston for example—for only $2.00 plus tax. That's the rate for a three-minute "station" call after 6 P.M. weekdays and all day Sunday. Calls over shorter distances naturally cost even less. Why not plan to send your love—your friendship across the miles by long distance tonight.

Free booklet comes in handy for personal telephone numbers

You'll be able to keep the local and long distance telephone numbers you call most often right at your finger tips with this free booklet. It's indexed for your convenience . . . will help you find numbers more quickly and easily, complete your calls faster. For your copy of the booklet, call, write, or drop in at our business office. And please remember that you're welcome to additional copies as you need them. **Pacific Telephone.**

SUZY SEZ...

Thank goodness she has a sense of humor. I mean my over-weight friend who was asked by a neighbor's two-year-old, "You don't need much water in the bath tub, do you?"

Seems to me, every time an out-of-state visitor arrives all the men end up clustered 'round the car, examining the motor. Does that happen at your house, too?

Newcomers to the Township might want to do as a Texan, and mark the location of area radio stations on the dial with crayon, until she can find them with no trouble.

I hear from an Irvington friend who is my official "clothesline checker" that even during the hottest weather she sees long "winter weights" blowing in the breeze on wash-day.

Deer season is on, and I now hear stories of the one that got away, only this time they mention points, instead of pounds.

On the subject of fishing, I've been told that lead dress-weights can be used for sinkers.

Another fish story, from a bride who has become disillusioned in her husband after hearing him describe the seven inchers he caught as "almost ten inches."

Pity the poor Newark man who regularly ends up in the car on Sunday mornings reading the papers. His four youngsters won't let him read the funnies in peace when they can get to him.

When I stopped at a Niles Canyon house last week I found the homemaker in tears. Turned out she'd rented a waxer, but didn't know how to lower the handle and was being dragged all over the room by it.

If the toddlers are tempted by your spools of thread, try placing them all in a large jar, they'll be dust-free and out of baby's hands.

I couldn't help but be disgusted with the mother who slapped her daughter for using profane language when the same mother regularly screams at the children in the same terms.

You can always tell the folks who've spent the week-end in Reno, (if they're lucky) by the clank of silver dollars in their pockets.

Until you start out with a child, it's hard to imagine how few items in the "dime" stores cost five cents or less.

Yes, that was Suzy crawling about on the theater floor last week, in search of a lost shoe. It's never happened before, I assure you.

No wonder that poor fellow drinks when his wife has coached the children to greet him when he comes home from work saying, "Are you drunk again, daddy?"

Somebody goofed! At the corner of Highway 17 and Santos Road one sign says Niles is 2 miles away, while across the highway the sign reads Niles, 3 miles away on Santos Road.

Courage mothers, only a week and a half and the teachers will have your little darlings for half a day while you recover.

So long . . .

SCIENCE and your Health

REMOVING THE APPENDIX
By Science Features

An appendectomy is one of the most frequent operations, accounting for 10 to 15 per cent of all major surgeries performed in general hospitals. The operation was not always as simple as it is today, when education, new surgical methods and the use of antibiotics have introduced a new era. The death rate from appendicitis — 10.9 per 100,000 people in 1911— declined to 1.3 in 1953.

The appendix is a small blind tube located at the beginning of the large intestine. Material passing through the tube is loaded with bacteria that can infect the tissue and cause inflammation—a condition known as appendicitis. Experience has shown that prompt attention and an early operation are necessary to avoid serious complications.

One complication that can result from a ruptured appendix is called peritonitis. It is caused by the infected fluid of the appendix flowing into the abdominal cavity. To prevent this infection, antibiotics are used before and after surgery.

According to Dr. Paul S. Rhodes, the drugs most widely used in cases of peritonitis are penicillin and streptomycin, administered simultaneously. For such usage, a new drug, appropriately named combiotic, combines these two antibiotics.

The common symptoms of appendicitis are nausea and pain in the lower right side of the belly. However, as the position of the appendix in the abdomen can vary, so can the pained area and it is wise not to rely on the usual symptoms.

LUXURY AT A PRICE—Homes in Irvington Heights feature 27-foot swimming pool at $1250 extra cost.

SWIMMING POOL FEATURE OF NEW HOMES IN IRVINGTON HEIGHTS

The Californian's dream — a swimming pool in a private home recreational area — has come true in the new Irvington Heights development now open east of Irvington.

According to representatives of the subdivision, public response to this low-cost home with pool has been "phenomenal." In the few weeks the homes have been open, several thousand people have visited Irvington Heights. And all but 43 of the 120 homes originally planned have been sold.

Selling price of the four-bedroom, two-bath home with a 27-foot-long swimming pool is $12,350. Without the pool, the homes sell for $11,100. No down payment is required by veterans, and monthly payments are $53.60 plus taxes and insurance. Three-bedroom homes are $10,000. All lots are 65x120 feet.

The swimming pool includes a complete filter system and electric pump to keep water fresh by constant circulation. Financing is separate for the pool.

Serve Pineapple Mint Cream For A 'Special' Dessert

A colorful, cool-looking dessert that is fancy in appearance and an exotic treat to serve is Pineapple Mint Cream. It's a perfect ending for a dinner party, full of good food value as well as good flavor.

Golden pineapple combines appetizingly with macaroon crumbs and whipped cream folded into a gelatin base.

For a special party dessert, decorate Pineapple Mint Cream with ruby red strawberries, pineapple slices and mint leaves.

Pineapple Mint Cream

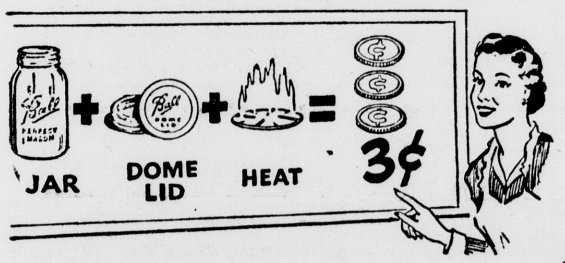
1½ tablespoons plain gelatin	2 egg whites
¼ cup cold water	⅛ teaspoon salt
1 No. 2 can sliced pineapple	½ cup sugar
2 tablespoons chopped fresh mint*	⅔ cup macaroon or cooky crumbs
1 tablespoon lemon juice	1 cup whipping cream

Soften gelatin in cold water. Drain syrup from pineapple; add to mint leaves and bring to boil. Stir in gelatin, cover and let steep about 15 minutes. Strain. Add lemon juice and chill until thick but not firm. Cut pineapple into wedges, saving out 1 or 2 slices for decoration. Beat egg whites with salt until stiff and gradually beat in sugar. Fold into thickened gelatin. Fold in pineapple and crumbs. Whip cream until stiff and fold into mixture. Pour into oiled or wet 1½ quart mold. Chill until firm. Unmold and decorate with whole strawberries, pineapple slices and frosted mint leaves.

*If fresh mint not available, use few drops mint extract.

Serves eight.

Studies Show Real Savings of Home Canning!



Home canning is still very popular, with more than 20 million housewives putting up their own fruits and vegetables every year. However, many people are not sure as to how much home canning actually saves them on food costs.

Recent studies offer substantial proof that there is real economy in home canning, as shown in the following figures: The cost of a jar (based on jar life of 8 years), plus a ney lid each year, plus the necessary heat for processing, amounts to about 3¢ a quart.

The cost of the contents will vary, of course, depending on whether the produce is home-grown, or bought. When you grow your own tomatoes, for instance, the cost (including plants, fertilizer and insecticides) amounts to about 25¢ a bushel, according to agricultural college research. As will be seen in the yield chart below, a bushel of home-grown tomatoes makes from 12 to 16 quarts of juice. This brings the cost of the contents to 2¢ or less per quart, for a total cost of only 5¢ per quart.

Based on 3¢ a quart for jar, lid and heat—and applying the yield chart below to your cost of raw materials—it will be found that home canning results in substantial savings. In addition, many women prefer home-canned foods because of their individual flavor, seasoned to their families' own tastes.

The Begonia Society picnic at Antonelli's Begonia Garden in Santa Cruz drew some townshippers with a mutual interest. Mr. and Mrs. H. J. Bolyard, Mrs. Minnie Clay, Mrs. Clara Williams, Mrs. Ruby Rogers, Mrs. Harry Lucas and Mr. and Mrs. Irve Saylor were in the group enjoying a wonderful day.

Time now to send some shortie messages dot and dashing . . . to Jack Binder who birthdayed on Birch last Saturday . . . and Mrs. Clifford Pool as she celebrated yesterday . . . to Gary Carroll (don't know why, cause he never reads this column) who will be celebrating his ninth on Friday . . . to Marie Wright as she prepares to add on another come Saturday . . . and to Mrs. Alma Benson who does likewise on Sunday . . .

Happy anniversary to Howard and Josephine Foley. They went through their hand-holding ceremony 24 years ago, August 29.

Hazel Caldeira decided it was cool enough down the valley now so she enjoyed a week vacation with her friend, Mrs. Mary Fagundes, in Merced.

Last Sunday, those who attended the Friden's picnic at Linda Vista Park, received a real treat. The Hidden Valley Synchronized Swim Club performed for the first time. The program consisted of a water ballet number by Jerry Raber and Jo Ann Kettman. Also a group number by beginners: Mike Dean, 12, Bruce Jenson, 10, Dennis McMahan, 9, Judy Martin, 9, with Jo Ann Kettman and Jerry Raber as leaders.

Nancy Jean Kettman was to be in the group number but was taken ill at the last minute so Dennis McMahon filled in. Thanks a lot Dennis and hats off to Alexis Goosen who, as their instructor, has given Washington Township its first synchronized swim club. The group is planning a real show at Hidden Valley next month if the weather permits. Watch for the date!

Walter and Dolores Lindsay enjoyed the past weekend camping in the mountains up Eureka way . . . that's the life.

Interesting things happen to some of our neighbors . . . like giving us the bird. Anyway we are tracing down the arrival of a big black bird, with a long neck, great big wings and little legs that is sorta like a pelican, but isn't and isn't a stork (our neighbor knows a stork); but it was a bird and our neighbor called the sheriff's substation and one of those gallant men in blue responded and carted the bird away (he sez it was tired, not hurt) . . . sheriff's deputies must know a little of everything . . . so far we haven't found out what it was, except that it was big and black and caused some excitement on Birch Road. Further info is welcome.

By the way, here is a question How many gals give their correct age when a deputy asks them? And one more . . . . . why do the deputies ask such a silly question????

Mrs. Rose Martin, Jackie Martin and Betty Jean Silva went to Oaks Park last Saturday afternoon to see if the real thing is like the TV version, and to see if their encouragement could help the "slipping" Oaks.

Dr. and Mrs. John O'Connor took their boys, Bruce, Brian and Greg and vacationed for a week in Lakeport where they acquired beautiful tans while spending relaxful days far from the ringing telephones.

On Sunday, August 15, Butch McDermott had his ninth birthday marked with a steak barbecue given by his parents, the H. J. McDermotts. Besides his sister, Maryann, and brother Georgie, there was Chappy and Kristy Lindsay and their parents, Mr. and Mrs. Walter Lindsay and Mr. and Mrs. Nick Masterjohn of Palo Alto.

If the Mac's neighbors are hearing some strange noises these days, let them be at ease because it is just Butch practicing his piano lessons now that he has a piano of his own.

PARKING IS KING

Centerville is showing the way in the matter of offstreet parking. Within weeks, what now presents a tangle of dry weeds and shacks will become a public parking lot, promising easy shopping for a host of potential customers. Great credit is due the men who worked for the Centerville facility.

Other towns in this region should take a lesson from Centerville's project. We don't need an expert to tell us that today's persnickety shopper won't shop willingly except where parking comes easy. Niles already is eyeing a merchant lot offered on First Street by the railroad company.

Fast, positive action is indicated here if newcomers are to be lured into forming the shopping habits that make or break a retail community. We can afford pennies. Larger towns are spending millions to develop parking. With outside competition what it is, no forward-looking community can afford to think twice about parking's value.

A HABIT CHANGETH

Tidings most glad, tidings of comfort and joy! Niles is to have door-to-door mail service.

Bountiful benisons on the postmaster who strove to get it. Let historians chalk a big mark in their books. City mail delivery is a mighty milestone of progress.

Probably we ought to pause here to remark that city mail means the decline of the Postoffice as a social center. This can or cannot be a bad thing. Town cronies will meet less frequently at the mailbox to barter gossip. The 8:30 and 5 o'clock traffic jam at Second and J will slack off once the need to travel to the Postoffice is ended. On the credit side, this will reduce radical U-turns and blind back-outs. On the debit ledger, door delivery will curtail a friendly smalltown rite.

However, it's progress, and we're for it.

DOG-IN-THE-MANGER STUFF

For the second time in recent months, a chamber of commerce in our Township has taken a stand against zoning which would permit establishment of a modern shopping center on the outskirts of a local community. Said the merchants: it would hurt existing business.

This dog-in-the-manger tactic is dismissed for what it is by the officials to whom it is addressed. It does the chamber little credit. The way to compete with new business is to sell better, sell cheaper, sell more attractively — not to deny the new man a chance.

Such stiletto work discredits the chamber of commerce and sows a bitter seed in the mind of the customer who learns of it.

WE PRINT, BUT NEED NOT AGREE

Somebody is always asking us: "Do you really agree with that story you printed?"

Readers seem to think an editor has to put his stamp of approval on anything that appears in the paper. If he writes about a heat wave, he is supposed to be in favor of heat. By the same process of reasoning, a witness at an accident is supposed to approve of auto crashes.

Facts are facts, not what the editor wants them to be. People write us letters expressing their own opinions, and we print them because we believe a newspaper is the place everyone can have his say (within the bounds of fairness and good taste.)

But whether the editor agrees with what is printed has no bearing on the case. He gets his chance in this column. The readers are responsible for the rest of the paper.

FLY VS. WORM

When the writer was a spratling, somebody introduced him to a fly, and taught him how to cast it into the slow water beside a riffle. Ever since a tempestuous trout took it deep into an undershot jaw, Writer has had no truck with worm fishermen.

Now that sounds silly because everybody knows that the big, burgomaster-bellied trout likes worms best. We have flailed the waters with a fly rod until they foamed, all in vain, only to see some oaf with a slimy, wriggling earthdweller pluck a fat Brown from under our Hackles.

Worm fishing is a subversive doctrine. A man we know gave up flies some years back. Now he raises worms in several colors just to provide the fish with the shade of morsel he wants. Ugh.

Some folks will sell out for anything, but our price is high. We'll stick to flies, even though it means an empty creel. We'll stick to the noble lure, even though it means taking our Royal Coachman up to the trout farm.

MISSION SAN JOSE NEWS

By TEDDY PEREIRA

Mrs. Marie de Barcelos thoroughly enjoyed her birthday Saturday. Between her family and friends, her day was indeed pleasant.

Alyce McGue hated to return to San Francisco with little Sandy after spending six weeks as the guests of Octavia Young.

The Monzer family are still enjoying their tour throughout Oregon and Washington.

Don and Roe Hays, Stanley Garcia and Ronney Alberts are practically on the same northern route.

A week-end at Placerville proved to be a pleasant one for Glen and Lois Bottenberg.

We are sorry to lose Troy Bill and his family who are moving into a new home in Niles.

Dan Hill's aunt is in a grave condition following recent surgery.

The kind of dinner Mom Schneider can put out, you can't blame her son Charlie for driving all the way up from San Luis Obispo for his special family birthday dinner.

San Luis rings a bell as that is where Merle Peixoto is spending his vacation.

It's a toss-up who enjoyed their vacation the most, Elva Brayevich or young Midge and Doug Steele. Elva came home loaded down with teddy bears and dolls as results of being the champ bottle-smasher on Santa Cruz board walk.

Don and Vivian Meyers are settled now to the point where they can visit their many friends. Since Don's navy discharge they have been visiting in San Francisco, Oakland and Vallejo.

Leave it to my poor Jackie! Every August almost to the date and his vacation he blossoms forth with terrific toothaches, ending up with extractions as was the case this week.

Bill Fernandez goes down to Halfmoon Bay and lands a 26 pounder! What a beaut!

The Women's Auxiliary certainly were busy beavers this week as they brought all their new dishes and kitchen accessories down to the new fire house and arranged everything. The attractive furniture arrived adding to the already impressive fire house.

Like old times, seeing our Navy lad Clarence Fernandez visiting his mom Josephine Chambers. "Wheezer" is at a southern California navy base.

Another birthday in the Schneider family. This time little Rosemary who had her share of lovely gifts and the traditional cake and ice cream.

Wedding announcements have been rolling in and we are happy to learn Danny Silva will very shortly be exchanging vows with a charming San Lorenzo girl.

Everyone was happy to see John Pat Recend, who recently came down from Sacramento to visit Rose, his mom any many friends.

It was nice to have Mrs. Edith Smith visit us, I think she must have left part of her heart in Mission for she always returns. Edith tells us Rae is now married and has a little baby. How time flies!

Even tho this is my last item, it is the most important of all. You know so many of us are inclined to be a trifle indifferent toward this and that cause, until it hits home. This emergency March of Dimes. Leland Telles should know and begs that you have faith in this organization for Leland says, almost within the hour of the arrival of his son David in the hospital, they were there; there was nothing they did not try to do for his son and other children. So lets give and give all we can.
